

FSB 4

SKU: 0307

Sachtler FSB 4 Fluid Head with Sideload
Camera Plate and Pan Bar

PRODUCT DESCRIPTION

When you need quick set up and precise balancing while using a smaller camera, the Sachtler FSB 4 Fluid Head doesn't mean you have to compromise on performance. Speedbalance technology gives you rapid weight compensation for payloads of up to 4 kg, while the snap and go side loading mechanism means mounting handheld cameras and DSLRs can be done from the side of the tripod.

Being able to work quickly and efficiently also means being able to get the perfect shots easily. Once you have balanced your camera, patented Sachtler vibration damping always gives you subtle and smooth movement. Three horizontal and vertical grades of drag also help you work intuitively and quickly, while always being sure your gear isn't letting you down. The 75 mm head fitting has a large sliding range of 120 mm, helping to give the flexibility to work in the way that gets you the best results.

TECHNICAL SPECIFICATIONS

Range	FSB
Temperature Range	-40 °C to 60 °C -40 °F to 140 °F
Camera Plate	Sideload plate S
Payload	0 kg to 4 kg 0 lb to 8.82 lb
Counterbalance	5 steps + 0
Drag	3 + 0 drag settings
Weight	2.4 kg 5.29 lb
Bowl Size	75 mm
Pan Bar Count	1
Sliding Range	12 cm 4.72 in
Tilt Range	90° to -70°
Pan Bar Length	43 cm to 16.93 in to
