

Hot Pod CF 10

SKU: 5385/10

Sachtler CF 10 Carbon Fibre Tripod with pneumatic lift column for 100 mm Fluid Heads

PRODUCT DESCRIPTION

Sometimes you need to get the right angle fast. The Sachtler Hot Pod 10 Carbon Fibre Tripod with Pneumatic Column gives you height and speed. Designed to get you above the action with the flick of a switch, the central locking system lets you release all three legs at the same time.

The pneumatic central column lifts camera bodies of up to 15 kg to a lens height of over 2 m, ensuring you get the best view in the house. If you need to change your view, the Hot Pod's lightweight and transport length of 85 cm mean you won't waste time and energy packing up and moving on. The carbon fibre design and Sachtler rotating clamping design add to the easy simplicity of use.
