

Hot Pod CF 14

SKU: 5385/14

Sachtler CF 14 Carbon Fibre Tripod with pneumatic lift column for 100 mm Fluid Heads

PRODUCT DESCRIPTION

Sometimes perspective is the most important part of a shot, helping to better convey the underlying story. The Sachtler 14 Carbon Fibre Hot Pod Tripod with Pneumatic Column gives you a lot of height fast.

At the touch of a button, its ingenious central locking system allows all three tripod legs to be clamped or released at the same time. The pneumatic central column lifts camera bodies of up to 25 kg to a lens height of over 2 m, ensuring you get the best view in the house. Packing up and changing position is made simple with the strategically positioned handle that makes carrying the Hot-Pod as easy as a rucksack.
