- SpeedBalance: 16 steps with boost button
- 7 steps of pan and tilt drag
- Sideload platform
- 2-stage heavy-duty carbon fibre tripod
- Soft case, ground spreader, and front pan bar included

PRODUCT DESCRIPTION

The Sachtler Cine 20 fluid head is perfect for cinematographers working with lighter Cine camera rigs. Featuring a payload range of 2-22 kg (4-48 lb), this head supports both compact and medium-sized Cine cameras, adapting seamlessly to your on-set needs.

The Sideload platform simplifies the mounting and dismounting of accessorised cameras, while SpeedBalance technology allows for fast balancing of the wide payload range. Seven-step drag settings give the freedom to move creatively or with smooth precision, and a front pan bar helps to deliver extra control.

In this system the compact Cine 20 is combined with a 2-stage carbon fibre tripod. The Sachtler ENG 2 CF Heavy-Duty Carbon Fibre Tripod helps crews all over the world create amazing results in a range of environments. The lightweight carbon fibre design is stable and twist resistant, while the quick clamps make it simple to setup and start. Making everything easier is a built-in transport safety cord that prevents the legs from opening while you are moving the tripod.

Supplied with a ground spreader and soft carry case, the System Cine 20 HD CF GS will help you to operate with confidence.

TECHNICAL SPECIFICATIONS

Range	Cine
Bowl Size	100 mm
