

Tripod flowtech® 75 aktiv MS

SKU: 4585

Sachtler flowtech® 75 aktiv Carbon Fibre
Tripod with Mid-Level Spreader and
Rubber Feet

PRODUCT DESCRIPTION

Work faster whatever the conditions with the Sachtler flowtech®75 aktiv Carbon Fibre tripod; optimised for enhanced performance and speed with the advanced Sachtler aktiv fluid head. The unique flowtech design allows you to deploy and adjust in the time it takes to release a single catch.

Being able to quickly set up and level a shot in any environment and terrain gives you more time to be creative and get the perfect shot. The Sachtler flowtech® 75 aktiv MS carbon fibre tripod's mid-level spreader and rubber feet mean that each leg extends or retracts independently of the other two. Each leg has an individual clamping mechanism so that you can loosen and lock them from a single location near the 75 mm bowl. This deployment speed is paired with an easy to use ergonomic, lightweight design that can follow into the most intense environments.

The carbon fibre design of the Sachtler flowtech75 aktiv MS only weighs 3.5 kg, but is capable of supporting up to 20 kg. The design also provides a high level of torsional stability so that you can be sure your pans will always stay completely level with no twisting. When you've got the perfect shot, the legs can be folded up while remaining attached, where a magnetic lock holds them in place until you release them again.

TECHNICAL SPECIFICATIONS

Payload	0 kg to 20 kg 0 lb to 44.09 lb
Weight	3.5 kg 7.72 lb
Bowl Size	75 mm
Spreader Type	Mid-level spreader
Material	Carbon Fibre
Tripod Stages	2
Transport Length	68 cm 26.77 in
Height Without Spreader	26 cm to 153 cm 10.24 in to 60.24 in
Height With Mid Spreader	63 cm to 157 cm 24.8 in to 61.81 in
Weight Without Spreader	2.9 kg 6.39 lb
