

All-In-One PTZ Systems

Add freedom & versatility to PTZ cameras.

Position, operate and move PTZ camera systems in any location with safety and speed. Sachtler PTZ systems free PTZ cameras from walls and ceilings adding versatility to automated image capture workflows.

PTZ Tripod System | S2172-0006

For PTZ without Prompter

For simple mounting of PTZ Camera in a static location where the PTZ will be infrequently moved or repositioned.

PTZ Tripod & Dolly System | S2172-0007

Suitable for PTZ Without Prompter

For simple positioning & repositioning of PTZ Camera allowing smooth movement of the PTZ around the floor.

PTZ HD Tripod and Dolly System | S2036-0008

For PTZ with or without Prompter

For simple positioning & repositioning of PTZ Camera with or without a teleprompter allowing smooth movement of the PTZ around the floor.

PTZ HD Pedestal System | S2036-0009

For PTZ with or without Prompter

For simple positioning & repositioning of PTZ Camera with or without a teleprompter allowing smooth movement of the PTZ around the floor. Precision height adjustments for eyeline can be made without de-rigging.
